MARINHEALTH MEDICAL CENTER

MarinHealth Medical Center is a 327-bed independent hospital with deep roots in the community. They have been meeting the healthcare needs of the North Bay in the Greater San Francisco Bay Area since first opening their doors as Marin General Hospital in 1952. The hospital has grown right along with the community. A 116-bed addition was built in 1961. In 1981, Cedar Pavilion was opened. To keep up with the North Bay's burgeoning population and meet California's latest earthquake safety standards, Oak Pavilion, a 260,000-square-foot, state-of-the-art new hospital replacement building, was introduced in Fall 2020.

As the only full-service, acute care hospital in Marin County, MarinHealth Medical Center provides comprehensive care across all major service lines. The Level III trauma center and emergency department receives 70% of the County's ambulance traffic, and provides life-saving care for stroke and heart attack patients. They also offer the only hospital-based labor and delivery unit in Marin County. The community's patients count on the Medical Center for advanced medical expertise, technology, and sophisticated treatments in an exceptional healing environment. In keeping with their commitment of treating the whole person—body, mind, and spirit—they also offer patients the opportunity to complement their medical treatment with integrative therapies at their Integrative Wellness Center.

As a district hospital owned by Marin Healthcare District, MarinHealth Medical Center answers only to the community they serve. This gives the hospital the flexibility to plan care that truly addresses their community needs. Building on a decades-long relationship, MarinHealth and UCSF Health have formed a strategic alliance that expands access to high-quality clinical care in Marin County and throughout the North Bay.

MARIN COUNTY

Marin County is a highly desirable area in which to live and raise a family and is California living at its finest. Marin County is located across the Golden Gate Bridge north of San Francisco and is bordered on the west by the Pacific Ocean. The area is well known for its natural beauty, excellent schools, and emphasis on healthy lifestyles. Marin County has been named the "Healthiest County in America for Kids" by US News & World Report, and the "Healthiest County in California" by several independent sources.

Temperate weather and proximity to San Francisco, the Pacific Ocean, Napa and Sonoma Wine Country and the Sierra Nevada Mountains are elements that make Marin County a truly unique California community. The area offers year-round recreational activities, including hiking, biking, boating, camping, and horseback riding. Cultural, educational, sports, fine dining and shopping activities are unlimited and offer something for every member of the family.
